

Audition Guidelines

The day will start with Q&A about the course; all candidates will take part in the workshop.

Please come prepared to take part in practical workshops wearing appropriate clothing. You do not need to prepare anything. You will take part in a series of warm ups, followed by a short technical workshop and then a creative workshop.

In the warm ups and technical workshop we will be assessing your basic levels of body awareness and technical skill. The creative workshop will ask you to interact on a creative level with other candidates. In this session we will be looking at how you work, creatively and interpersonally, with other people.

After the workshops you will have an individual formal interview.

Candidates will be notified via UCAS as soon as possible and usually within two weeks. If there is any delay admissions will be in contact with you.
