

The Course Includes

- Learning the premiere pro workspaces, including editing, effects and colour correction
- Non-linear editing in the timeline
- Colour Correction and Grading, including LUTs
- Transitions and special effects
- Titles and animations
- In-app audio correction
- Exporting and Codecs

Entry Requirements

- This introductory course assumes students possess no previous knowledge and is suitable for beginners, or those with some previous knowledge who wish to improve their understanding.
- This course will be of more benefit to you if you have access to a computer with Adobe Premier Pro installed, in which to practice your skills between sessions.

Course Aims

The course aims to:

- You will also learn valuable real-world hints and tips acquired over years of experience in Adobe Premier Pro.
- Cover all main topic areas, as well as best practice principles.
- To provide a set of tasks each session in which to practice and consolidate your understanding. Students are walked through each process to completion.
- Practical – The students are expected, with support from the tutor, to gain independence within each category taught.

Course Outcomes and Assessment

- The goal of this course is to give the student a comprehensive overview, understanding and hands-on experience working with Adobe Premiere Pro.
- All students with 100% course attendance will be issued with an official AUB Short Course Certificate of Attendance detailing course contents, and study hours.
