Personal Profile

Freelance photographer with strong organisational skills demonstrated whilst working in a group to develop a landscape photography exhibition at Arts University Bournemouth. Skilled at working closely with others in a team environment having directed several photography shoots for child models. Looking for a part time role in customer services to go alongside my MA in commercial photography.

Relevant Skills

Communication

- Experience in communicating with individuals of all ages including children. I have directed several photography shoots for child models which has involved me keeping the children calm, supporting the children's parents and talking to the children about how they need to stand/sit in the photos.
- Honed presentation skills by participating in portfolio review sessions where academics have reviewed my work.
- Contacted local companies and organisations for part of our project and maintained excellent working relationships with executives.

Teamwork

- Member of the university Football team, and took an active role in the running of the football club increasing membership and motivating team members to do their best.
- Worked with a team of 10 students on a Landscape photography exhibition which involved delegating responsibility, working together to shoot amazing scenes and creating event tickets.
