

## COURSE COSTS

### BA (HONS) MAKE-UP FOR MEDIA AND PERFORMANCE

The fee that you pay the Arts University Bournemouth provides the necessary equipment and training for you to complete your course.

Before you start BA (Hons) Make-up for Media and Performance, you will be required to purchase a professional kit. The cost of this kit last year was just under £1,050. This includes items you will need as you start your professional career, as well as throughout your course. You can provide these yourself, but the University secures the materials at a reduced cost and this is likely to prove the cheapest option. You may be able to pay in instalments across your first year; if you wish to enquire about this option, you should email [finance@aub.ac.uk](mailto:finance@aub.ac.uk). You should also note that you will require a prosthetics kit before starting Level 5, the cost of which is currently £185. The University negotiates hard each year to get these items as cheap as possible, and makes no profit on them, but it is possible that the price may rise slightly before you start the course.

You may also choose to buy some items of personal equipment such as a laptop or tablet computer, but this is not required; desktop and laptop computers are available for you to use in common study areas, including a loan system in the Library.

It is not possible to be precise about the likely additional costs which you may incur, because this will depend on the choices you make and the projects you undertake. The University provides some basic materials, and you will be encouraged to work sustainably, and to re-use materials where possible, but you should still expect to make some financial investment. Most Level 4 and 5 students will be likely to spend around £350-500 per year on materials, although many will spend much less. At Level 6 you will undertake your major project, and your portfolio of work will be important as you progress to a creative career. Some students may spend as little as £100 on this project, but others may spend considerably more, with costs running over £1,000. You will not be penalised for choosing a less expensive project, the outcome is determined based purely on your academic performance.

Some courses offer educational visits, which may be within the UK or abroad. These are not compulsory, and you will not be disadvantaged if you do not take part. The cost will depend on the location of the visit. This course did not offer an overseas trip last year.
