

COURSE COSTS

BA (HONS) MAKE-UP FOR MEDIA AND PERFORMANCE

The fee that you pay AUB provides the necessary equipment and training for you to complete your course. Before you start BA (Hons) Make-up for Media and Performance, you'll be required to purchase a professional kit as follows:

- Make-up kit: £702
- Hair and Wig kit: £246

This includes items you'll need as you start your professional career, as well as throughout your course. You can provide these yourself, but we can secure the materials at a reduced cost and this is likely to be the cheapest option. You may be able to pay in instalments across your first year; email finance@aub.ac.uk to find out more. Please note that you'll require a prosthetics kit before starting Level 5, the cost of which is currently £241. We negotiate hard each year to get these items as cheap as possible, and make no profit on them, but it's possible that the price may rise slightly before you start the course.

You may also choose to buy some items of personal equipment such as a laptop or tablet computer, but this isn't required; desktop and laptop computers are available for you to use in common study areas, including a loan system in the Library.

It's not possible to be precise about the likely additional costs which you may incur, because this'll depend on

the choices you make and the projects you undertake. We provide some basic materials, and you'll be encouraged to work sustainably, and to re-use materials where possible, but you should still expect to make some financial investment. Most Level 4 and 5 students will be likely to spend around £350-500 per year on materials, although many will spend much less. At Level 6 you'll undertake your major project, and your portfolio of work will be important as you progress to a creative career. Some students may spend as little as £100 on this project, but others may spend considerably more, with costs running over £1,000. You won't be penalised for choosing a less expensive project, the outcome is determined based purely on your academic performance.

Some courses offer educational visits, which may be within the UK or abroad. These are not compulsory, and you won't be disadvantaged if you don't take part. The cost will depend on the location of the visit.
