

DEVELOP PHOTOGRAPHY - INTERMEDIATE LEVEL

Autumn Term: Tuesday 10th October – 12th December 2017
Spring Term: Tuesday 16th January – 20th March 2018

Course Tutor: Mark Gregory, Stuart Culley

Course Overview

This introductory Our intermediate photography course takes learning to new horizons.

You may have already completed the 'Discover Photography' introductory course and wish to build on your skills, or have the existing knowledge to start your studies at the next level. Learning in our modern resource areas, two experienced tutors will provide you with exciting opportunities to experiment and develop your photographic skills in areas such as digital photography and creative image making.

You will focus on different areas of photography, and our industry professionals and academics will share with you a different aspect of photographic practice each week, including camera functions, equipment, colour and work flow management, studio lighting, portraiture, still-life and location photography, whilst developing your own creativity and ideas.

Utilising industry standard photographic equipment, you will begin to appreciate the controlled environment that photographers use. You will have access to various lighting and portable flash equipment, as well as ancillary photographic equipment. You will also be introduced to image postproduction platforms, such as, Adobe Lightroom and Adobe Photoshop.

On one of the evenings, you will join your tutors on location, to help you understand how to control light under varying conditions.

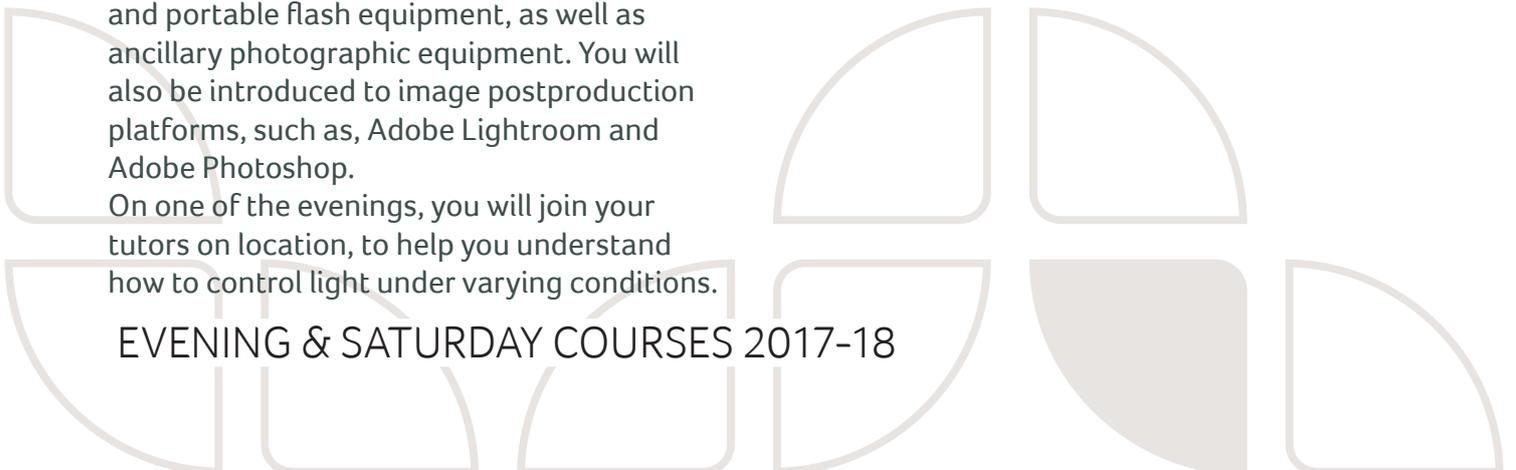

The Course Includes

- Extended understanding of camera controls and advanced features
- Exploring photographic practices and genres
- Benefits of ancillary equipment, such as, speedlights and portable flash
- Post-production options and applications
- Individual and group – project based assignments

Course Aims

- Provide you with more knowledge, skills & confidence
- Develop your understanding and enhance creative control
- Enhance your technical skills
- Develop a deeper appreciation of photography

EVENING & SATURDAY COURSES 2017-18

Course Outcomes & Assessment

Tutorials and ongoing course critique will offer you essential guidance and measure overall performance.

All students with 100% course attendance will be issued with an official AUB Short Course Certificate of Attendance detailing course contents, and study hours.
