

Scholarships, Bursaries and Fee Waivers 2022/23

For EU and International students

Receive up to £15,000 to support your studies with us!

We aim to have a diverse student environment with the best creative talent.

For 2022, we have a range of financial awards available from £3,000 – £15,000. These are awarded for every year of your course, giving you financial support throughout your time studying with us.

You don't need to make a scholarship application, and whilst we can't offer a scholarship to everyone who applies, you'll be automatically considered for all eligible financial awards once you complete your application to one of our full-time courses.

To find out more about each award, follow the links below:
