

Join in with our kscope project Fubutsushi for your chance to win a summer of creativity at the Arts University Bournemouth (AUB).

Simply download the free app for your iPhone, iPad or Android Device, then capture and upload your Fubutsushi creation to our kscope gallery from 12th May to 8th June 2014.

We can only accept images (and not videos) for this project. Simply tag your image with the project hashtag #Fubutsushi and post to Twitter and the kscope gallery for your chance to win the prize. You can also submit your image by email to kscopexfubutsushi@auc.ac.uk (just make sure you have enabled 'save images to camera roll' within the kscope settings menu before starting). We will be contacting the winner and runners up on 16th June via Twitter from [@kscopeAUB](https://twitter.com/kscopeAUB).

Further information about the project can be found at aub.ac.uk/fubutsushi

At Arts University Bournemouth we like to see things differently, to look at the world from different angles, to ask, "what happens, if?"

kscope is our gift to the curious, a way to create, capture and share your view.
